

#SEASON 3

CALL FOR PROJECTS

PREDICTIVE MAINTENANCE

TAKE THE CHALLENGE !

APPLICATION TEMPLATE

Application template *

- **Format** : your choice (power point, word...)
- **Deadline**: 20th November 2023 at 12pm
- **Process**
 - Complete the online form <https://forms.office.com/e/gcAvLVm4XG>
 - Using the application template, send your application by email (solve@capdigital.com) once you have completed the online form

* **Important**: the following application template is a proposal for a response framework. It contains the key elements we need in order to assess your application. However, it is left to you to adapt it as you see fit

1) THE CANDIDATE

Information on the company *(as an indication, 3 pages max. in Word)*

- Present your core business
- Provide an overview of team profiles (expertise and skills)
- Describe your business model
- Highlight your business sectors/ use cases currently addressed, but also your sectors/ use cases targeted in the short/ medium term
- Specify the geographical area(s) you are addressing (country)
- Provide business references, where possible, on similar use cases, specifying the nature of customer relationships (POC vs contract)
- Present your experiences in collaboration with major accounts (POC, co-construction, solution testing, etc.)
- Provide your **key figures** : turnover and workforce in the past three years (2020, 2021, 2022)

2) THE PROJECT (1/2)

Proposal of answer *(as an indication, 4 pages max. in Word)*

- Describe the existing proposed solution(s) and the required developments, in response to the targeted needs
- Explain how you will address the various expected functionalities
- Specify the user experience/ease of use
- Give some elements of differentiation of your solution
- If the construction of new functionalities is necessary for the achievement of the project, explain the adequacy of the targeted solution with the development strategy of your company
- Specify the geographical scope of the proposed project: countries addressed and those considered (in the short and longer term)
- Multilingual nature of your solution. If applicable, specify the languages

2) THE PROJECT (2/2)

Operational / budgetary section *(as an indication, 2 pages max. in Word)*

- Outline your operational plan: steps, tasks, duration...
- Give budgetary details: pilot phase, possible industrialization phase (depending on the number of users)

3) APENDICES

- Your KBIS (or other legal proof of existence)
- Any document that you feel is relevant and can support your response
